NOTES

- 1) Although this is a comprehensive list, *it is by no means exhaustive*. I leave readers to index additional matches of note to which they have access.
- 2) For ease and consistency, all of the matches are indexed under the 3-move restriction. Obviously, many of them were actually played under the 2-move restriction. For these 2-move matches, this has 2 main implications: although it is only listed once, a particular ballot may have arisen more than once – for example, from 11-16 22-18; 8-11 & 12-16 22-18; 8-12 or from 11-15 21-17; 9-13 & 9-13 21-17; 11-15; quite often only ‘one side’ of the ballot will have been played – for example, 11-16 22-18; 8-11 with one side, and 11-16 22-18; 16-20 with the other. Here, the reader needs to consult the reference in question.
- 3) Where the reference given is a periodical, the volume, or page, number refers to where the match starts.
- 4) Abbreviations: ABC (America’s Best Checkers); ACM (American Checker Monthly); BLC (Big League Checkers); CATE (Checkers & The Experts); CKS (Charles Walker’s Checkers magazine & Checkers annuals); DP (Dunne’s Praxis); EDJ (English Draughts Journal); ID&C (International Draughts & Checkers); LVD 6DNL (Louis Van Deven’s 6th District Newsletter); MB (Match Book); MC (Master Checkers); MS (Manuscript); MWC (Midwest Checkers); NDW (New Draughts World); RM 6DNL (Robert Mesch’s 6th District Newsletter); SW (Square World); TNC (Top Notch Checkers); WCC (World Championship Checkers); WCC2 (World Class Checkers); WCD (World Championship Draughts); WTC (World Title Checkers); 20th CC (20th Century Checkers).
- 5) Statistics. a) This index: total games played = 2771; wins = 577 (21%); draws = 2194 (79%). b) GAYP index: total games played = 291; wins = 66 (23%); draws = 225 (77%). c) 1st & 2nd International Matches index: total games played = 871; wins = 223 (26%); draws = 648 (74%). d) 3rd, 4th, 5th, 6th & 7th International Matches index: total games played = 1000; wins = 405 (40.5%); draws = 595 (59.5%). e) **Grand total of all 4 indexes: total games played = 4933; wins = 1271 (26%); draws = 3662 (74%)**
